Subject: we still need your OK on the provided maps

Hi Aaron,

We still need your email stating that you want the maps provided to be included in your Notice. Your current authorization to mine is conditional upon what is shown on those maps.

Also, Penny asked about the reclamation contract, and whether the updated version that I emailed last week was on its way.

Let me know please about the maps and the reclamation contract so that we can issue you a permit this week. Thanks.

Peter
